

# GERMANY AT WORK AGAIN

By FRANK H. SIMONDS  
(Copyright by McClure Syndicate)

So many conflicting reports come from the United States from abroad describing Germany's industrial plant, that I have thought it might be interesting to the reader to make a record of one of the largest of the

new-payers of a neutral nation, who knows Germany exceedingly well. His statements, so far as Germany is concerned, are more interesting as they contain the declarations made by Mr. Morgenthau recently in a public utterance, which was patently intended as a warning.

Which in August, my correspondent says: "Unless I woefully misinterpret things, Europe and notably Europe's working classes are getting their will power back. The last few months have seen us all more and more tired of the war and its aftermath and more and more anxious to get back to work."

which we have seen break through the environment and in everybody's bosom there is quivering up a keen curiosity to see what the world is going to be like. And curiously is a big lever.

## President Seeking To Build New Machinery To Bring About Industrial Peace Out Of The Wreck Of National Conference

### GRAFT OF MILLIONS IN ARMY CONTRACT BARED

CHICAGO, Oct. 23.—Criminal prosecution of at least a dozen army officers and civilians and institution of a civil suit for recovery of \$12,000,000 to \$15,000,000, of which he said he feared the government had been defrauded in connection with a \$10,000,000, 60-month contract involving the Standard Steel Car Company of Hammond, Indiana, will be asked in 355 pages of testimony by a subcommittee, which has been conducting an investigation, according to Chairman Graham in a statement made public today.

### MEXICAN BANDITS KIDNAP U. S. CONSULAR AGENT

WASHINGTON, Oct. 23.—William T. Jenkins, American consular agent in Puebla, Mexico, was kidnapped by masked bandits last Friday at Puebla and is being held for \$150,000 ransom, the state department was advised today.

### REINFORCEMENTS REACH REDS AT PETROGRAD FROM MOSCOW; BATTLE RAGES

LONDON, Oct. 23.—Krasnaya Gorka, Moscow and to be engaged in the battle of the Gulf of Finland, about 100 miles west of Petrograd, has been taken by anti-Bolshevik troops, according to Helsinki dispatches.

### EGGS HURLED ON STAGE AS GERMAN OPERA IS PLAYED

NEW YORK, Oct. 23.—Argument on the legal merits of staging opera in Germany in this city—a proceeding which has resulted in two days in as many performances—came up today in supreme court. The Star Opera Company, incorporated, which succeeded in presenting two German masterpieces at the Lexington theatre under police protection, was prepared to ask that a temporary injunction restraining any authorities from interfering with the opera be made permanent.

### GERMAN PLOT FOR REVOLT IN ALSACE IS EXTENSIVE

STRASBOURG, Wednesday, Oct. 22.—The conspiracy for a revolt in Alsace-Lorraine, having for its object the establishment of an autonomous republic here, is assuming greater proportions than at first anticipated, Koester, the man alleged to be the arch conspirator and who has been placed under arrest, has, according to military authorities, made a confession, admitting that he has received 500,000 francs from Germany since last May.

### DEMOCRATS FORCED TO CARRY FIGHT AGAINST RESERVATIONS TO THE FLOOR OF THE SENATE

WASHINGTON, D. C., Oct. 23.—Although nominally the senate still was in the midst of its fight over peace treaty amendments today, the real subject of interest among its members is the situation regarding reservations, brought by recent developments to a sharp focus.

### RAILROAD EMPLOYEES ARE TO DEMAND WAGE INCREASES BEFORE ROADS TURNED BACK

WASHINGTON, D. C., Oct. 23.—In working conditions. Mr. Sloan told the board during its demand granting of their demands for increased wages, time and a half for overtime, the night hour day and night, that to members of his brotherhood in working conditions before the roads of the country are turned back by the government to private control, is contained in testimony by Timothy Sloan, chief of the Brotherhood of Railroad Employees.

TRY TO ARBITRATE STRIKE

NEW YORK, Oct. 23.—Renewed efforts to arbitrate New York's long placement strike were made today by Mayor Hylan, one of the three court-laborers appointed by Secretary of Labor Wilson. He endeavored to arrange an early conference between committees of the strikers, shipyard workers and the contracting division. Not more than 250 of the strikers men on strike on the railroad. The majority against arbitration to work yesterday, and ship lines was still virtually tied up today.

### OLD CONFERENCE IS ADJOURNED AND NEW ONE CALLED INTO SESSION WITH PUBLIC GROUP SOLE MEMBERS

WASHINGTON, D. C., Oct. 23.—Out of the wreck of the national industrial conference, President Wilson today sought to build new machinery to bring about industrial peace in the country. In a message to Chairman Lane, he asked that the public representatives in the conference continue their work and make a report to him.

### COAL MINERS REJECT THE PROPOSAL

WASHINGTON, D. C., Oct. 23.—The United Mine Workers of America today formally rejected the proposal by Secretary Wilson for settlement of the coal strike, called for November 1.

### MAY CATCH 'HIGHER UPS'

NEW YORK, Oct. 23.—Further indications for complicity in an alleged plot of government agents and others to sell humanity from enforcement of the prohibition law were expected today from the federal grand jury, which handed down five such indictments yesterday.

### PRESIDENT'S PROGRESS IS SATISFACTORY

WASHINGTON, D. C., Oct. 23.—President Wilson is making as satisfactory progress as is possible in the circumstances, his physicians said today. They issued the following bulletin: "While House, Oct. 23, 12 o'clock: 'The president is making as satisfactory progress as is possible in the circumstances. No new symptoms have developed.' (Signed) 'GRAYSON, RUFFIN, STUTT.'"

### CONFERENCE GROWING IN INTEREST

Wednesday evening the attendance at the sixth session of the Interdenominational Bible Conference at the First Baptist church, was the largest so far this week. The attendance Wednesday afternoon was also better than the crowds of Monday and Tuesday afternoon. The lectures given by the two speakers, Rev. J. J. Van Gorder of Maryland and Rev. Charles Neighbour of Cincinnati were greatly enjoyed last night.

Another session will be held at 2:30 this afternoon and night session at 7:30 o'clock. Tonight Rev. Van Gorder will have for his subject "The Resurrection" and Rev. Neighbour has chosen for his subject "Signs of the Times." Tomorrow night Rev. Van Gorder will talk on "The Success of the Early Church." Rev. Neighbour tomorrow night will speak on "Christian Science: The Devil's Substitute." The Bible Conference will come to a close with tomorrow night's session.

At last night's meeting a permanent organization was effected when committees were appointed to report for next session as follows: Name of organization, Gardner Bures, First Baptist, Lucy Telleman, First Evangelical, Rose Wendelken, Franklin Ave. M. E., On Nominations, J. W. Dickinson, Franklin Ave. M. E., Mrs. Charles Widdig, First Baptist.

### BETTER THAN CALOMEL

Thousands Have Discovered  
Dr. Edwards' Olive Tablets  
Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

### Deal At Terminals

Through a really deal closed several days ago Dorale E. Colman, former N. and W. road brakeman, bought the one story frame business block on Norfolk avenue, East Portsmouth, from the Bierley heirs.

Colman recently gave up his work on the railroad and has already taken charge of the pool room conducted by Tom Burt in the center business room of his property. The property includes the rooms occupied by Martin Clark's restaurant, the former Burt pool room and "Graver Zornes" barber shop.

Colman has bought Burt's fixtures in the pool room and has added a complete line of soft drinks. Mr. Clark and Mr. Zornes will continue in their places of business.

Prohibition Proves Popular

ARTHUR J. DAVIS, Boston.

"The situation in the United States with regard to the operation of the war-time prohibition law is very satisfactory. From all over the country come reports of the gratification with which the people are viewing the changed condition following the abolishment of the saloon. The readjustment was accomplished so readily and so easily, without any dire results pointed in the propaganda of the liquor interests, that even a great many people who were tax-payers to prohibition expressed their surprise."

## WOMAN FOUND AT HOME

Yesterday when Nancy Hall, wife of J. S. Hall, of New Boston, from whom she is separated, failed to come back from a party which she accompanied to the West Side Monday, relatives had feared that some harm might have come to the woman and they applied to Sheriff Hickey to assist in finding her.

Accompanied by the sheriff more than a score of relatives and friends went to the West Side and instituted a search for the missing woman. The search party scoured the hills in the vicinity of Bertha, where she was last seen, in a vain effort to find her. The search continued until dark and the searchers returned to the city only to discover that Mrs. Hall had turned up at her home. She said she had been in Williamson, W. Va., visiting an aunt, and arrived home on an N. and W. train during the afternoon.

Mrs. Hall was accompanied on the evening trip by her sisters, Mrs. Ada Jenkins and Ola Hall and Claude, Louis and Shade Howard, and during the afternoon wandered away from the others and became lost, she said, but made her way to Portsmouth late Monday night and decided to go to visit her aunt.

## CASES COMPROMISED

By reason of settlements reached in the case which was scheduled to come to trial in Common Pleas Court, Thursday and Friday, Judge Thomas yesterday after the Taggart-Woodcock damage suit had been compromised, dismissed the proceedings until one week next Monday when they will come back to hear the case in which it is sought to set aside the will of Madison Mustard, wealthy branch, Clark township, farmer who died more than a year ago.

The contest of Mustard's will promises to be one of the most interesting and scintillating fought in the courts in the past few years. It will appear in the case including Attorney Thos. K. Fink, C. M. Scott and Harry W. Miller for the plaintiff and Attorney R. F. Fink and Blair & Blair for the defense.

The case which was to be tried today but was settled was that of Thos. K. Fink, against Howard T. Moore for \$100 damages sustained by the plaintiff by reason of the alleged carelessness of Moore in running his automobile into Fink's buggy and house on the night of Dec. 24, 1917.

The other case compromised was that of F. D. Howe against the Sheridan Contract Co. in which the plaintiff sued on an amount of \$891.75 for labor, automobile repairing and supplies.

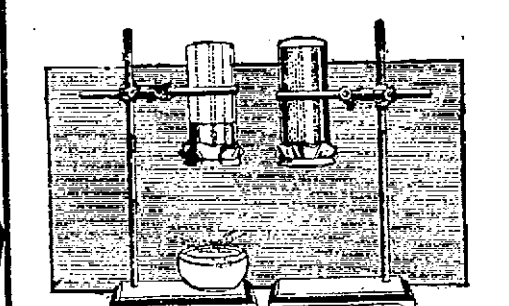

When joints twinge and throb and pain it's sure that nature has been unable to keep the body in proper balance. Then the thing to do is give nature a hand and yourself relief with a gentle massage of **Housatonic**. This soothing liniment penetrates to the very cause of the trouble and quickly ends your pain.

Your home should never be without **Housatonic**, the wonderful liniment and antiseptic. On cuts, bruises, burns, scalds and all sorts of it helps nature quickly restore comfort. Ask your druggist for **Housatonic** (the Original Jones' Liniment) with Dr. Jones' picture on the yellow label. \$1.00. Half size 50c, trial size 25c. The Dr. J. C. Jones Co., St. Charles, Mo. Sold by Fisker & Strickland, 1101 E. Main, Kalamazoo, Mich., and all druggists.

## Thermoid Tires

New discovery produces tire of remarkable durability

TWO years ago Thermoid chemists found that one of the chief weaknesses of average rubber is a more or less porous condition. They worked out a substance—CROLIDE—that greatly reduces the small pores in a rubber compound. Not only does this new substance—CROLIDE—increase toughness 50% to 200%, but it increases elasticity—a one-inch strip stretches to 7 1/2 inches. Weakness to buy this new tire for the extra mileage it will give you. That we know it will, is evidenced by the manufacturer's real guarantee. Guaranteed 6000 miles (Ford size, 7500).

# WHEN EYES ARE RIGHT

They will never ache or smart. Cold winds will not cause them to water and reading will not cause weariness of the eyes.

But when they are wrong—trouble begins. At first it is only a sensation of tiredness after work. After a time your eyes will ache or smart occasionally. Then you probably will have "unaccounted for" headaches.

There is only one real remedy—planes. At the first indication of trouble, call and let us make a scientific examination of your eyes.

No charge for examination and glasses recommended only when necessary.

**Dog Catcher May Lose Job**  
From present indications Gene Ketter, deputy sheriff and official dog catcher, will lose his job Nov. 1, as the county commissioners today announced they had made the final allowance for deputy sheriff hire for this year, and notified Sheriff E. L. Ricker of their action. The commissioners, it is said, objected to Ketter devoting a greater part of his time to work for the sheriff other than the catching of dogs for which he was hired and for that reason the board refused to make a further allowance. Ketter was appointed

# MASONIC PARADE OPENS CENTENNIAL FESTIVITIES

## Gallant Knights March Thru Down Town Streets; Many Visitors In Line

Undaunted by lowering clouds that threatened to keep copiously at any time Portsmouth Masons and members of this fraternity from Ironville, Ashland, Waterhill, Franklin, Fairport, Sciotoville, Wheelersburg, Lucasville and Waverly, marched through the down town streets today in honor of the centennial anniversary of the Masonic lodges here.

Portsmouth Masons were turned over to the Masons today. During the parade many Masons arrived from the surrounding villages and counties to take part in the big celebration planned for the afternoon and evening.

The opening "pull" of the celebration was the big parade held this afternoon at 2:30 o'clock following the reception held in the Masonic hall beginning at 2 o'clock.

The parade formed on Fourth street west of Chillicothe street, the lineup extending to Court street.

A few minutes after the scheduled time, 2:30, the parade moved, going south on Chillicothe street to Second street.

Therefore, the grand marshal, his aides were Dr. William E. Smith, Ralph Gilbert and Arthur S. Warden, all riding horses.

Behind the leaders came the Ironville and Ashland lodges in complete regalia. Behind these marched the Ironville and Ashland lodges in complete regalia. Behind these marched the Ironville and Ashland lodges in complete regalia.

Next in order was the River City lodge, followed by Calvary Community in complete uniform. The local lodge made a splendid showing with its large turnout.

Over 100 unaffiliated Knights were in line, marching four abreast, their plumes waving in rhythm.

Following the parade, the regalia of the Blue Lodge members from Wheelersburg and Lucasville. Each village had a fair representation in the Blue Lodge members of Aurora, followed by Past Masters of Wheelersburg, Portsmouth and Lucasville lodges, brought up the rear of the march.

## M. E. Conference Opens

This afternoon in Trinity M. E. Church, the Portsmouth conference of the Methodist church opened with the service at 2 o'clock, was in charge by Rev. R. W. Howes, pastor of the church.

Rev. A. P. Clifton, pastor of the First Church at Ironville, spoke on "A Working Church," and was a very forceful speaker. This is due in part to the fact that Rev. Clifton is recognized as one of the best church organizers in the Ohio Conference. He is a brother of Ernest Clifton, who is editor and manager of the American Book Publishing Company. The father of these men was formerly a minister in the Portsmouth District.

The church is in the Portsmouth District. The church is in the Portsmouth District. The church is in the Portsmouth District.

## The Markets

**NEW YORK STOCKS**  
NEW YORK, Oct. 23.—Stocks were heavy at the opening of today's session, the reversal being attributed to prospects for renewed industrial disturbances in connection with the withdrawal of the labor delegation from the industrial conference. Recent favorites, notably oils, motors and equipments, reacted 1 to 1 1/2 points with shipping, tobacco and food shares. Republic Iron, which featured yesterday's late dealings, broke 3 1/2 at the outset. U. S. Steel losing 1 1/2, but Bethlehem, Crude and Lackawanna Steels were strong.

# Buckeye Eleven To Meet Yost's Scrappy Eleven

COLUMBUS, O., Oct. 23.—While the two elevens is of more than usual importance by reason of the fact that both elevens have been pointing all fall for this contest.

In a quarter of a century of football playing Ohio State has never won from Michigan, and has tied the Wolverines only twice. In recent years the Buckeye machine has improved to such an extent that for the first time in history Ohio State will not be at a disadvantage in weight, individual prowess or team play. Hundreds of Ohio State supporters are planning to follow the team to Ann Arbor on a special train and by auto.

Michigan, which managed to keep its state clean after a ding-dong struggle with Ohio Wesleyan last Saturday, will face the stiffest sort of opposition in Berlin, which goes to Oxford.

Ohio State and Michigan, engaging in their Western Conference game of the season, will be watched by the entire Middle West. The two elevens are admittedly close to being the class of the conference, although neither has tried conclusions with another Big Ten foe. The annual melee between the two elevens is of more than usual importance by reason of the fact that both elevens have been pointing all fall for this contest.

# To Go To The Mat Here Next Tuesday

Young Sandow, of Chicago, who challenged Joe Varga to a finish match at the conclusion of the Fox-Varga bout Tuesday night, has made the required weight of 150 pounds and the two will meet in the same hall next Tuesday. Sandow has been wrestling for the past three years, previous to that time having been champion weight lifter of America. Some of the records made are as follows: Raising from ground with harness, 2,000 pounds; without harness, 1,500 pounds; holding up while lying on back, 1,000 pounds, and one arm catch 150 pounds.

While perhaps not as scientific a wrestler as Varga, Sandow is no mean opponent and relies to a certain extent on his great strength.

Sandow has a match in Columbus tonight and will be in Portsmouth within the next day or two to complete his training. The match here will be to a finish, and either man will have to secure two falls out of three to win the verdict.

# BOWLING

These Norwoods, recognized as one of the really strong teams of the Masonic Bowling League, captured three in a row from the Diamonds at the Play House alley last night, due primarily to the spectacular work of Thomas Jefferson Dupuy, supported by the assistance given him by the other members of the team.

Mr. Dupuy never claimed to be a sensational pin artist, but his team-mates always buy a bushel of red fire every time Tom shoots as much as a hundred. Last night he continued for a year lead, F. O. B. Galla and Campbell, and as soon as the top of the Excelsior slice factory is completed, the diamonds are going to be forced to witness the display of fireworks. The famous team was seen to beat himself last night for his shot 133, 134 and 144, good for 423, and believes that after many weeks of faithful application and practice he is now due to become one of the real leaders of the organization. Despite the poor start he made, Dr. Jerry Winkler finished the evening with the highest score and lowest total of the evening. He bagged 190 for his sand-bag game, and finished with a score of 495. Captain Horst and Dr. Frank L. Freestone finished for second place with 451, while George Westlake finished was right near with 440.

Captain Horst, of the Diamonds, was the best shooter for his team, but he was pretty classy, getting 130 for his portion of the spoils. 130 and 131, a minor, although he came through with 438. Frank Baker had a fairly bad evening for him, totalling 420. Percy Ives and "Slim" Williams were of course not much to get into the 300 class, although the Jeweler was far ahead of the landlubber in total points. The scores:

The Norwoods took two out of three in the Excelsior in Masonic Junior League at the Diamond alley last night. The Norwoods started out in a fine shape and easily captured the first game. Then the Diamonds got into the game and took the last game. The Norwoods plus to spare. No sports were indulged in, the last game being done by the Norwoods. The Diamonds were the losers, who took a total of 421. John Thompson, of the Norwoods, was second with 400. The Diamonds finished third with 380. The Norwoods were the winners, who took a total of 421. John Thompson, of the Norwoods, was second with 400. The Diamonds finished third with 380.

Receptions vs. Clay Bates—Oct. 23rd.  
The Hot Spots, shooting with three blinds, captured three straight games from the Blinders at the Good Fellowship Club alley last night and are now at the top of the league, tied with the On Timers with a clean state. The fact of the matter is that the Blinders were handicapped by having all their men present, for only one of them averaged as much as a blind. Mr. Whitely, eminent south paw, was out for the first time and did very well as a blinder. Station, lead off man for the Blinders, was the best for his team, shooting for 413. Station, however, was the big news of the evening, gathering a total of 528 and shooting 291 for his first game. Riss White, for the Hot Spots, was in good form, gathering 420 and shooting consistently, if not brilliantly, all evening. Munger of the Blinders showed a great reversal of form. He started with 111, then came through with 177 and finished with 98—not much, considering about that. Carr and True are now bowlers, and while their work proved that assertion, they are a couple of determined fellows and expect to make considerable noise before the league is much older. The scores:

# SPORT SALAD

**NEW YORK, Oct. 23.**—Jack Shuler and George Slosson matched their skill at billiards in the first game of the 182 billiard championship tournament today. The other matches scheduled were: Monaghan vs. Shuler; Cushman vs. Yarnall; and Hope vs. Monaghan. The standing of the players at the opening of play today was:

Player	Won	Lost	High	Grand
Hope	3	0	119	54-1222
Schaefer	2	1	135	25-734
Monaghan	2	1	115	22-641

Yarnall	1	2	82	14-3741
Cushman	1	2	105	20-2928
Slosson	0	2	95	10-3543

Shortstop Larry Kopf of the Reds is to be honored by his townsmen in New Britain, Conn. A big parade and banquet will be features of the festivities. Of course Larry will receive a gift and heap of applause.

Tom Griffith of Brooklyn may not return to the game next year. He has a nice position with a bond brokerage house and is likely to stick. But the call of the game just as strong in the fall as it is when spring approaches.

CINCINNATI, Oct. 23.—That it pays to win was never better shown than by a review of the attendance figures for the games played by the World's Champion Reds during the season, which has just come to such a glorious conclusion. Although the season was fourteen games shorter than usual the Cincinnati club broke all known records for sustained interest in its work both at home and abroad.

The team played to considerably more than one million fans during the season, which is a much larger number of people than ever saw any one team play ball before in the history of the game.

BOSTON, MASS., Oct. 23. Walter "Burrhead" Maraville, distinctive wonder of the Boston Braves, will play shortstop for the Giants, during the 1920 season if a deal close to the best of John J. McGraw, manager and part-

# CHARGED WITH STEALING THREE HORSES

JACKSON, OHIO, October 23.—The Soldiers' Day in Jackson had been stolen out of the town the night before, and then news came that two horses belonging to Elmer O. Sheward, and his father Harvey Sheward, Sr., had been stolen out of the pasture near the town. Sheriff Davis accompanied the two Shewards and John by Shewards started early on the trail. Mr. Sheward, who had taken the three horses to a restaurant for the station and had gone to a funeral at Centerville, but he was found there, and told that Earl Jackson was one of the boys who had stolen the horses. The sheriff returned to Oak Hill, found the horses in a barn, and arrested him. In a little while Jackson was taken to a clean breast of it, and Sheriff Davis and the Shewards started to ward back Fork, and on the way they met Woodruff and arrested him.

It took longer to find Johnson. They started for his home, reached the Mt. Zion district, but in the meantime they had left word with Marshall Tom Jones of Oak Hill, and news being brought that Johnson had been seen near the village in some woods, the Marshall went out and arrested him.

It was learned that the horses had been sold to a man named Roder Reisinger between Effort and Bloomfield, and the latter took two horses for them and gave a check for fifty dollars and ten dollars in cash. Johnson and Woodruff came to Oak Hill early in the day and one of them told that they had intended to take the money for Chillietha Johnson. When the check was made failed to cash it, however, and went back home. The two horses had been abandoned when they arranged to leave the country. The stolen horses have been returned by Roder to the owners and they are out only the day lost in hunting them.

Woodruff and Johnson served in the war and Woodruff told the Sheriff that he accepted. The grand jury which was sworn on Oct. 23, has been called back for Saturday, Oct. 25, at 10 a. m., to consider the case.

# COUNTY NEWS

A day that proved a real delight to many friends and relatives who had the pleasure of gathering for a birthday anniversary celebration, was spent Sunday in the hospitable home of Mr. and Mrs. Chester Ruth of Superior, in honor of their little daughter Anna Lorena's third birthday.

The home was artistically decorated and brightened by many flowers of autumn, their bright and glowing colors adding much to the attractiveness of the home. Between the hours of eleven and two an elegant three course dinner was served by Mrs. C. A. Ruth, assisted by her sisters Anna and Anna Knapp.

The table was adorned with two pink roses and a birthday cake brightly lighted with three tiny pink candles.

The following guests had the pleasure of enjoying the birthday dinner: Mr. and Mrs. John A. Ruth, of Superior; Mr. and Mrs. John Knapp of Superior; Mr. Raymond Violet of Lawrenceville; Mr. Otto Ruth of Schenectady; Mr. Walter Ruth of Superior; Mr. Carl Knapp of Superior; Mr. and Mrs. Elmer Ruth and children; Vencil and Irene of Schenectady; Mr. and Mrs. John Ruth of Superior.

Walter Knapp is visiting a movement in the west to have the Portland following a touchdown eliminated. This change which already is favored in the East would force a team to try at goal from a point directly in front of the spot over which the ball was for the touch down and would increase the importance of the try.

# ARSON PLOT FOILED BY POLICE

YOUNGSTOWN, O., Oct. 23.—One man was fatally wounded and another seriously injured when police broke up two attempts at arson by strikers shortly after midnight Wednesday night. Joseph Mazzapane will die, while Giuseppe Farin, who was shot above the heart, is in a critical condition.

A group of striking Scabians and Italians held a secret meeting in Brier Hill Monday night and decided to burn the houses of several men who continued to work if their threats of violence were not heeded. The hour was set for Wednesday at midnight. In some way the police got wind of the plot and lay in wait for the strikers. Three Scabians had already set fire to the house of George Hall, 127 Fox street, before they were caught. Another group of three Italians was surprised attempting to fire the house of Dominic Lavery, 2200 West Federal street, and Jim Maldo. Blacked Police Sergeant Bremer's eye in the battle that ensued. All of the six men were arrested and are under arrest on various charges, including carrying concealed weapons and attempted arson.

# Auto Victims Are Better

Mrs. L. B. Glass, of 1622 Maple street, who was injured Tuesday when her automobile was over an embankment on the West Side, is getting along nicely at the home of her sister, Mrs. Frank Davis, 1812 Galia street. She is suffering with a badly bruised back and is suffering with a strain through her chest and lungs.

Mrs. Wesley Ray, of Logan, aunt of Mrs. Glass, and Mrs. Davis, who suffered an injury on her head, spent a restful night. Dr. Oscar Mickelthwait is attending the injured, and it is feared that Mrs. Ray is suffering with a slight fracture of the skull.

Mrs. Ray is also at the home of Mrs. Davis.

Mr. and Mrs. Ray are here on their first visit in 35 years, the accident marring the pleasure of the visit.

# Hurt In Runaway

C. D. Wilson, of Lucasville, suffered an injured left knee Wednesday when the buggy in which he was riding overturned on him. He was driving toward Lucasville and had another horse hitched to the team of the buggy. An automobile came close to the horse and he started to run, overturning the buggy. Dr. D. C. Coleman attended Wilson and brought him to Fowler's laboratory, where an X-ray was taken of the knee to determine if any bones were broken.

# Child Hurt In Bad Fall

Dorothy Adams, six year old daughter of Mrs. Kelley Adams of the Florida Apartments, Galia street, suffered a bad fall when she fell on Chillicothe street and came near being run over by a touring car driven by James Alspaugh. The child was following her sister Loraine across the street in front of the New System bakery and in running across the street was knocked down by her sister. Alspaugh applied the brakes on his machine and the car stopped just as the front wheel touched the child's dress. She was taken to the home of her mother where an examination showed that she had suffered only bruises sustained when her body came in contact with the bricks.

The children were on their way home from Henry Macale School and were running across the street to get out of a way of automobiles.

## AND THE HORRORS TO COME

Dr. Clarence T. Wilson, secretary of the temperance board of the Methodist church, proclaimed to a meeting in Cincinnati, last week, that Demon Rum having been routed the next "crusade" undertaken by the organization, which he represents, would be to eliminate the cigarette.

That was certainly most interesting, but Dr. Wilson was not content to rest there. He startled his audience by saying "the cigarette had impaired the health of two million soldiers in our army."

Which, the same, may be classed as news that is news, news that nobody, even the good doctor had ever heard before. All of us were proud of the way our boys returned, handsomely set up by their military training and we were foolish enough to take their springy step and glowing complexions as proof that they had fared hand-sonely in a physical way.

It was all a mistake. The noxious cigarette had got in its deadly work and the glory of our youth was but as an empty husk, the good doctor tells us so.

True enough our own eyes and the government statistics tell us different, but they count as nothing. Facts are not stubborn things when it comes to a crusade, on which we start out to save somebody else's soul.

## WILL AWAIT WITH INTEREST

CHICAGO has inaugurated a Theodore Roosevelt memorial campaign, the outcome of which, owing to the novelty of presentation, will be watched with keen attention.

Wishing to secure \$250,000 for the city and \$300,000 for the national memorial, the committee has inaugurated a campaign, which it chooses to call "the supreme test of the Americanism of the individual Chicago citizen."

This is to be brought about in the condition that there will be no pressure, no solicitation, put upon anyone to give more than he might otherwise, or anything at all. There are to be no taggers, no solicitors, no artifices whatever. The matter of giving and the amount will be left to the impulse, or determination of the individual. The public is informed of the committee, one for each ward where subscriptions may be left or sent, and that any gift from ten cents up to ten thousand dollars will be welcomed equally and with this the fate of the undertaking is left with the public.

## THE CROOKED PATH

ALONZO J. Whiteman, of Danville, New York, offers a sad case in proof that honesty is the best policy. Early in his manhood Whiteman was sent by his father to manage a lumber plant in Minnesota. Such ability did he display in the position that in a few years he became a millionaire.

That fortune, along with the bright prospects of adding to it by further legitimate energy and effort was not a staying balast with him. He wanted more millions and he wanted them quickly. So he devised one of the most colossal and successful fraudulent schemes by which the unwary hosts were ever swindled. From thence onward his course was ever down, down, down, and he became a hunted man, chased from city to city and eking out a precarious existence by constantly belittling devices and spending much of his time in jails and police stations. So utterly mean and unscrupulous did he become that he even pillaged his own sister's room while she was a guest at a Chicago hotel.

The other day, an old, broken, wrecked man at sixty-one, he appealed to the authorities at Danville to be admitted to the poor house.

The Federal statute, "putting the teeth into prohibition," will go into effect next Saturday. Chicago liquor dealers, being wise in their day and generation, have begun putting their houses in order, and have stopped sales.

A riot was staged in New York, one night this week, by service men, who sought to stop the presentation of an opera in German, upon which the ban had been put by the mayor, but whose order in the matter was being disobeyed. It does seem that we should have a little while to cool off in our antipathies and those, who would arouse them again, for the sake of a few dollars have none else to blame, if they bring trouble upon themselves.

It is always darkest before the dawn and it is also the coldest about the same time. The reason for this is that the moment the rising sun strikes the earth it causes the evaporation of a chilling moisture.

The Swedish minister to Mexico says the land of the tamale and other hot stuff still loves the United States. May be so, but she is too all fired still about it and like the maid that lets concealment, like a rose in the bud, feed upon her damask cheek, she never tells her great love.

And none of us marked, that Tuesday last, October 21st, mark of the fortieth year past since the tallow dip faded and went out for ever and aye, that being the day in 1879, when Thomas A. Edison gave to the world the incandescent electric light.

The good housewife is troubled about help, is she? Read this entry on a New York hotel register: "Andres Carrillo, wife, five children and six maids, Havana, Cuba."

Referring to its gubernatorial candidate the Maysville Independent thus deftly expresses itself: "His name is Black, but he is the whitest man in Kentucky."

## THE MARRIED AN AVERAGE MAN

For two weeks I have made no entry in my diary because life was too full. I have a "getaway" room. How two people in a year's living into those fourteen days started, from reading lamp to chert-so swiftly have events followed on down quill, is an inscrutable mystery each other's beds. The woman who writes these words is not the woman who so lately lived gently and uneventfully in a Centerville bungalow. Let me try and set things down in order.

We are, thank God, comfortably settled in our little apartment. Thanks to my taste for furnishings and Athena Thast's common-sense suggestions, the place looks charming and is "livable."

Even Jim likes it, although he doesn't know why. Mindful, he observes few details, but he realizes that there are comfortable chairs, a comfortable bed, a comfortable bath, and his favorite place where he can always find them.

I took Athena Thast's advice about the "getaway" room, and shall kiss her for it to my dying day. To the casual eye it appears just a pleasant annex to the living room. The door is always open, save when I and shut away behind it with the key safely turned in the lock.

This happens on a variety of occasions, i. e., when Jim snores so that I cannot sleep; when Jim and the eternal Belton are talking blueprints and contracts till past midnight; when I have the nervous fidgets, and can't bear to be either soiled or petted; when I have letters to write, something special to read or private thoughts to think; and lastly, when for any reason Jim and I are not in what Athena calls "a one-room need."

DUKE OF AOSTA  
The Duke of Aosta, eldest cousin of King Victor Emmanuel, who has been called from Italy because of a hearing toward the post, Capt. Gabriele d'Annunzio, leader of the Fiume raid, asked the king of Italy extensive-ly in the war.

In 1917 he was in command of Italy's "chitred" army, which was opposing the combined forces on the north. He enabled this army to successfully strike itself and retire in good order to the Tagliamento line, thus frustrating the plans of the Germans for separating it from the main forces of Italy under the command of General Cadorna.

The Duke of Aosta was born in 1852, the son of Prince Amedeo, and early began an army career.

Missed His "Q"  
The amateur dramatic society had spent many anxious nights in practice and rehearsal, and at length the great evening that was to show their powers arrived. One of the amateurs had found it inconvenient to attend, and his place was taken by an understudy. But, as he was allotted a part with only one sentence, no hitch was anticipated. He was the headman.

Arrayed in all the glory of black lights and mask, he strode onto the stage, and feeling his arms, exclaimed: "My lord! my lord! I have beheld the maid!"

"Oh, you have, have you?" returned the local butcher, who was taking the part of the cruel king. "Well, then, allow me to tell you that you've spoiled the blessed show. You've done it two acts too soon."

Great Rock Attracts Many.

Don Echo rock is a great headland of rock that rises sheer for almost 500 feet from the beach, shadowed, unfathomable waters of Lake Michigan, and is generally known as the Gibraltar of Canada. It has long been a magnet that has drawn men from far and near. Geologists have studied its peculiar formation, botanists have raised their lives to secure rare flowers that creep from fissures in the smooth faces of rock, lovers of nature have paddled about its base and climbed to its heights and adventurous souls have searched often and earnestly for a store of silver which, legend says, the Indians long ago cached somewhere upon its plateau top.

Past Mosul the river Tigris rolls its ancient, almost legendary, waters and opposite on the left bank, the dream of antiquity continues undisturbed, there in the blazing sun or in the shimmering Persian moonlight, lie the ruins of Nineveh, the last and greatest capital of the Assyrian empire. ## ON HIS LAST LEGS—WE HOPE!

## New - York - Day - By - Day

BY O. O. MCINTYRE

NEW YORK, Oct. 21—Herald Tribune, literary critic extraordinary, has launched a notable discussion that is racing in the garrets and studios where the copyists feel they are story how it will come out. However, a part of the belated letters of this community. Mr. Brown believes that most good writers are rapid writers—and this is a comforting opinion to poets, poets who write a sonnet before breakfast and speed to the publisher to get a check for the breakfast.

Speed has always implied imperfection, but it is well to consider that while Wells was turning out "The Invisible Man" and several others, Harold Bell Wright produced just one book, called "The Re-Creation of Brian Kent."

My associates are mostly writers and artists—some great and some not so great. I have never known a writer to roll or prostrate over the number of a phrase. If the phrase doesn't come he simply knocks off. Lights up—the old pipe or goes to the theatre or some-where else and forgets it. Most of them write a book each week on the typewriter and bring in most cases newspapermen, they think a wicked key.

I know two mystery writers of national repute who never plot a story. They simply sit down and write it. They never know until the end of the story how it will come out. However, most writers have some definite idea but it isn't worked out until they get at the machine.

Gladsworthy Chesterston and Arnold Bennett are fast writers. I am told. Walt Whitman wrote his war stories for the Saturday Evening Post just as he used to write a story to which he was assigned on the Sun. Shaw writes hastily and never looks at it until published. He fears cold feet.

Most magazine men say that writing for the magazines is much easier than writing for the newspapers. In a magazine story one may speculate and editorialize but in the news story—unless it is a special feature—the writer must cleave to the facts. The trouble with most newspaper men writing for the magazines or the editors say, is an attitude of mind.

They get frightened and try fine writing, like and ungainly words, forgetting altogether the human interest. Octavus Roy Cohen perjured over 150 stories and then in despair at the rejection of each one sat down in a newspaper shop between assignments and wrote a story that brought an acceptance by wire.

Youth will be served. Back to the following ad from the New York Herald: "A young, refined colored woman would like a position in a young American family; will do daily washing for the man, a little mending and cooking. Hours: 9 to 2 p.m. daily. No Sunday."

The opening performance of Belated's production of "The Gold Diggers" was the swiftest of first nights. Every woman in the play had to smoke a cigarette and a light with the first match.

## GRAFT Of Millions In Army Contract Bared By Government Probers

CHICAGO, Oct. 23.—Criminal prosecution of at least a dozen army officers and civilians and institution of a civil suit for recovery of from \$12,000,000 to \$15,000,000, of which he said he figured the government had been mulcted in connection with a \$40,000,000 munition contract involving the Standard Steel Car Company of Hammond, Indiana, will be asked in its report to congress by a subcommittee, which has been conducting an investigation, according to Chairman Graham in a statement made public today. The big contract was for Howitzer gun carriages at \$40,000 each, of which only 200 were finished, according to Congressman Graham's statement. "Allowing for the cost of preparation, the government still is mulcted of between \$12,000,000 and \$15,000,000, as I figure it," he said. The subcommittee is satisfied that the government is the victim of a gigantic fraud on this contract," the statement said. "Personal of the testimony heard and the evidence submitted in private by the military intelligence department, shows there was a preconcerted scheme to put this graft across."

"Among facts brought out, was that the government spent \$27,177,168 on the contract and received \$4,000,000 worth of gun carriages, none of which was finished before the end of the war."

"The government was overcharged on subcontracts, and officials of the company, together with army officers, received automobiles and other valuable presents from the subcontracting companies."

With Chairman Graham, Representatives Albert W. Jeffers and Flinn J. Garrett formed the subcommittee that conducted the investigation.

## LABOR GROUP BOLTS CONFERENCE

### NEXT MOVE UP TO THE PRESIDENT

WASHINGTON, Oct. 23.—Labor withdrew from the national industrial conference last night after its final effort to obtain adoption of a collective bargaining resolution had been defeated by the vote of a majority of the capital group.

Although the representatives of both the public and capital announced their intention of remaining in the conference, the next move in the effort to restore industrial peace to the country evidently rested with President Wilson.

### MEXICAN BANDITS KIDNAP AMERICAN CONSULAR AGENT

WASHINGTON, Oct. 23.—William O. Jenkins, American consular agent at Puebla, Mexico, was kidnapped by three masked bandits last Friday at Puebla and is being held for \$150,000 ransom, the state department was advised today.

The American embassy on inquiry has been informed by the Mexican foreign office that the government would take all possible steps to effect the liberation of Jenkins. The American embassy has been authorized to demand a member of its staff to Puebla to assist in obtaining the agent's release.

The dispatch received by the department quotes the Mexican newspaper, *Excelsior*, as representing that the bandits entered a factory owned by Jenkins, carried and tied the watchman, forced the safe and robbed it of sixty thousand pesos and then took Jenkins away with them.

### MINERS TO REJECT PROPOSAL FOR SETTLEMENT OF COAL STRIKE, WANT FIVE DAY WEEK

WASHINGTON, Oct. 23.—Secretary Wilson's proposal for settlement of the coal strike will be rejected by the miners, officials of the United Mine Workers of America announced today on their way to a meeting called to formulate an answer. This was taken to mean that the joint conference with operators this afternoon would end abruptly unless the secretary was prepared to submit a new proposition.

John L. Lewis, president of the United Mine Workers of America, reiterated that the union would consider no offer of settlement that failed to grant the demand by the miners for a five day week.

Members of the miners' committee said their meeting this morning would merely ratify the informal agreement reached last night to reject the offer. Leaders said they would attend the conference at 2 o'clock as they had been asked to do by Secretary Wilson, but that if no new offer of settlement was made, they would start immediately for their homes and make ready for the strike called for November 1.

### EGGS HURLED ON STAGE AS GERMAN OPERA IS PLAYED; RIOT OUTSIDE THE THEATRE

NEW YORK, Oct. 23.—Argument on the legal merits of staging opera in Germany in this city—a procedure which has resulted in two riots in as many performances—came up today in supreme court. The Star Opera Company, incorporated, which succeeded in presenting two German masterpieces at the Lexington theatre under police protection, was prepared to ask that a temporary injunction restraining city authorities from interfering with the opera be made permanent.

The temporary injunction granted yesterday by Supreme Court Justice Mullen—backed by heavy police protection—allowed the opera an opportunity to continue last night. More than 200 mounted police and patrolmen were required to keep a crowd of former service men and other civilians in check outside the theatre.

The performance of "Eurydice and Carpentier" was criticized at the end of the first act when a man in one of the boxes threw five eggs at the singers on the stage. None of the eggs reached a human target, but the throwing created great excitement in the audience, many leaving the theatre. The egg thrower was arrested and charged with disorderly conduct.

The rioting outside the theatre was more fierce than that which greeted the first performance Monday night. The police used clubs freely. A man in navy uniform was taken to a hospital in a serious condition, and a soldier suffered a broken leg. Others were cut and bruised when mounted police charged through the crowd to prevent it from approaching the theatre.

Another performance was promised for tonight.

### OHIO DRYS ARE ELATED OVER ONTARIO VICTORY

COLUMBUS, O., Oct. 23.—Ohio dry forces are much elated over the dry victory secured in Ontario, Canada, yesterday. In a statement this evening, James A. White, superintendent of the Anti-Saloon League declared the victory has "some very definite messages of encouragement to the people of Ohio." White says all wet proposals were defeated in Ontario by majorities ranging from 150,000 to 250,000.

White interprets the dry victory in Ontario in part as a repudiation by returned soldiers of claims of the wet that had soldiers been permitted to vote in the first instance the province never would have gone dry.

### ARSON PLOT FOILED BY POLICE

YOUNGSTOWN, O., Oct. 23.—One man was fatally wounded and another seriously injured when police broke up two attempts at arson by strikers shortly after midnight Wednesday night. Joachim Magapano will die, while Giuseppe Fazio, who was shot above the heart, is in a critical condition.

A group of striking Serbians and Italians held a secret meeting in Briar Hill Monday night and decided to burn the houses of several men who continued to work if their threats of violence were not heeded. The house was set for Wednesday at midnight. In some way the police got wind of the plot and lay-in wait for the strikers. Three Serbians had already set fire to the house of George Hall, 125 Fox street, before they were caught. Another group of three Italians was surprised attempting to fire the house of Donald Lowry, 2500 West Federal street, and Jim Mado, blacked Police Sergeant Bremer's eye in the battle that ensued. All of the six men were armed and are under arrest on various charges, including carrying concealed weapons and attempted arson.

The Briar Hill Steel Company and the Republic Iron and Steel Company are each preparing to light another blast furnace today. The Briar Hill will also put two more open hearth furnaces in commission during the day.

### GRAFT HUNT MAY CATCH 'HIGHER UPS'

NEW YORK, Oct. 23.—Further indictments for complicity in an alleged plot of government agents and others to sell immunity from enforcement of the prohibition law were expected today from the federal grand jury, which handed down five such indictments yesterday.

Although federal officials were reluctant in discussing the case, it was intimated that arrests of "higher ups" might be expected. William J. Flynn, chief of the bureau of investigation of the department, is personally directing a score of his most trusted agents in the graft hunt.

Mr. Flynn said he had reason to believe the sum collected from New York union keepers anxious to gain "protection" would run into "hundreds of thousands of dollars."

### GERMAN PLOT FOR REVOLT IN ALSACE GROWS

STASBOURG, Wednesday, Oct. 22.—The conspiracy for a revolt in Alsace-Lorraine, having for its object the establishment of an autonomous republic here, is assuming greater proportions than at first anticipated. Koesster, the man alleged to be the arch conspirator and who has been placed under arrest, has, according to military authorities, made a confession, admitting that he has received 500,000 francs from Germany since last May. The funds were sent to him from Hanau, it is said.

Acting as intermediatory between the Berlin foreign office and the conspirators here, according to Koesster's revelations to the police, was Herr Von Gruenelius, a relative of Former Imperial Chancellor Theobald Von Bethmann-Hollweg. According to the military authorities, Koesster has admitted having introduced Herr Von Gruenelius to Deputy Jean Longuet last summer while the latter was spending a few weeks' vacation near Strasbourg. He says the two had a long conference.

### DEMOCRATS FORCED TO FIGHT AGAINST RESERVATIONS TO THE FLOOR OF THE SENATE

WASHINGTON, D. C., Oct. 23.—Although nominally the senate still was in the midst of its fight over pecuniary amendments today, the real subject of interest among its members is the situation regarding reservations, brought by recent developments to a sharp issue.

Having adopted ten revised reservations, the foreign relations committee planned to meet again late today or tomorrow to continue the work of formally approving a reservation program which the Republican leaders said had been pledged the support of a majority of the senate.

The administration forces, unable to accept the majority proposals or to secure their modification in the committee, was planning to organize its fight against them on the senate floor. Whether this fight would be carried to the point of voting against the treaty's ratification if the reservations were adopted, remained to be seen.

The Johnson amendment, proposing to give the United States as many votes as the British empire in the League of Nations assembly was to continue through most of today's session. The senators did not expect a vote during the day, but thought it probably would come tomorrow.

## Buckeye Eleven To Meet Yost's Scrappy Eleven

COLUMBUS, O., Oct. 23.—While the two elevens is of more than usual importance by reason of the fact that both elevens have been pointing all full for this contest. In a quarter of a century of football playing Ohio State has never won a conference football championship, and has tied the Wolverine in their engagement at Oshtemo, may go a long way toward settling the Ohio Conference title. Other times in which Ohio teams are considered at the weekend are of considerable importance than those of the Ohio State supporters are.

Ohio State and Michigan, engaging in a game of football on a special train and by auto, will be watched by the entire Middle West. The two elevens are admitted close to being the class state champions after a disheartening struggle of the conference, although neither with Ohio Wesleyan last Saturday, has tried conclusions with another Big Ten foe. The annual meet between the two elevens is of more than usual importance by reason of the fact that both elevens have been pointing all full for this contest.

## To Go To The Mat Here Next Tuesday

Young Sandow, of Chicago, who challenged Joe Varga to a finish match at the conclusion of the Fox-Varga bout Tuesday night, has made the required weight of 150 pounds and the men will meet in the same hall next Tuesday. Sandow has been wrestling for the past three years, previous to that time having been champion weight lifter of America. Some of the records he made are as follows: Raising from ground with harness, 2,600 pounds; without harness, 1,500 pounds; holding up while lying on back, 1,000 pounds, and one arm snatch, 150 pounds.

While perhaps not as scientific a wrestler as Varga, Sandow is no mean opponent and relies to a certain extent on his great strength.

Sandow has a match in Columbus tonight and will be in Portsmouth within the next day or two to complete his training. The match here will be to a finish, and either man will have to secure two falls out of three to get the verdict.

## Chad Horr's Norwoods Trim Wilhelm's Diamonds

Those Norwoods, recognized as one of the really strong teams of the Masonic League, captured three in a row from the Diamonds at the Play House last night, due primarily to the spectacular work of Thomas Jefferson Dupuy, superbly assisted by the assistance given him by the other members of the team. Mr. Dupuy never claimed to be a sensational ten pin artist, but his team-mates always buy a bundle of red fire every time Tom shoots as much as a hundred. Last night they contracted for a car load, F. O. H. Quinn and Campbell, and as soon as the top floor of the Excelsior shoe factory is completed, the diamonds are going to be invited to witness the display of fireworks. The famous fisherman was beside himself last night, for he shot 113, 106 and 141, good for 423, and believes that after many weeks of faithful application and practice he is now due to become one of the real bowlers of the organization. Despite the poor start he made, Dr. Perry Winkler Young finished the evening with the highest score and loftiest total of the evening. He bagged 190 for his second, which came, and finished with a score of 463. Captain Horr and Dr. Frank Freestone Spencer tied for second honors with 151, while George Washington Freund was right near with 140. Captain Eason, of the Diamonds, was the best shooter for his team, in fact he was pretty classy, getting 400 for his portion of the spoils. Updegraff started out like a whale and finished like a minnow, although he came through with 338. Frank Baker had a fairly fine evening for him, totalling 430. Percy Tres and "Bun" Wilhelm were off center and could not get into the 400 class, although the Jeweler was far ahead of the laundryman in total points. The scores:

Masonic League			
Diamonds			
Eason	163	151	140-454
Jess	92	115	100-307
Baker	130	153	144-427
Wilhelm	123	123	133-389

## This Idea Good One

Walter Eckersall is agitating a movement in the west to have the present following a touchdown eliminated. This change which already is favored in the East, would force a team to try at goal from a point directly in front of the spot over which the ball was for the touch down and would increase the importance of the try.

## Going Into Tire Game

Henry Kniff and Pitcher Barnes of the New York Giants are going to engage in the tire business. They will open a retail shop in New York and will handle several lines of high grade tires.

Schedule  
Rejection vs. City Hats—Oct. 24th.  
The Hot Spots, shooting with three blinds, captured three straight games from the Blisters in the Grand Fellowship Club league last night and are now at the top of the league, tied with the On Times with a clean slate. The fact of the matter is that the Blisters were handicapped by having all their men present, for only one of them averaged as much as a blind. Mr. Whitlatch, eminent south paw, was out for the first time and did very well as a Blister. Station, lead off man for the Blisters, was the best for his team, shooting for 473. Station, however, was the big noise of the evening, gathering a total of 325 and shooting 201 for his first game. Bess White, for the Hot Spots, was in good form, gathering 120 and shooting consistently, if not brilliantly, all evening. Munger of the Blisters showed a great reversal of form. He started with 111, then came through with 177 and finished with 95—not much consistency about that. Carr and True are now bowlers, and while their work proved that assertion, they are a couple of determined fellows and expect to make considerable noise before the league is much older. The scores:

Team	P.	W.	L.	T.	Pct.
Hot Spots	3	3	0	0	1.000

## HOPPE STILL LEADING IN BILLIARDS

NEW YORK, Oct. 23.—Jack Shaffer and George Shosson matched their skill at billiards in the first game of the 102 talk time championship tournament today. The other matches scheduled were: Morningstar vs. Sutton; Colman vs. Yamada and Hoppe vs. Morningstar. The standing of the players at the opening of play today was:

Player	Won	Lost	High	Grand
Hoppe	3	0	139	34-12-22
Shaffer	2	1	155	27-7-41
Morningstar	1	1	119	22-29-45
Sutton	2	2	118	23-27-52
Yamada	1	2	82	21-36-41
Colman	1	2	107	29-20-25
Shosson	0	2	10	10-34-42

## Griffith To Retire

Team Griffith of Brooklyn may not return to the game next year. He has a nice position with a bond brokerage house and is likely to stick. But the call of the game isn't as strong in the fall as it is when spring approaches.

## Yale Yelling For Jones

An Eastern football expert says: From New Haven comes the report that a hurry call has been sent to Yale Jones in Seattle to come to the aid of the Yale team. Jones is not exactly the man who is needed. We might name a more eligible man many miles closer than Seattle. It is true that the Yale team of last Saturday looked badly coached and that its attack was very elementary. But Yale has chosen Dr. Sharpe and it must play out the game.

## Groh On Auto Trip

CINCINNATI, Oct. 23.—Captain John Groh left town yesterday noon in his automobile, accompanied by Mrs. Groh for an Eastern trip. He will stop at his old home in Rochester for a few days and will then drive on to Vermont, where he will join Mr. and Mrs. Ray Fisher, and go with them to a camp on Lake Champlain for a month of hunting and fishing. He will be back about Thanksgiving Day to spend the rest of the season here.

## Reds Play To Million

CINCINNATI, Oct. 23.—That it pays to win was never better shown than by a review of the attendance figures for the games played by the World's Champion Reds during the season which has just come to such a glorious conclusion. Although the season was fourteen games shorter than usual the Reds broke all known records for sustained interest in its work both at home and abroad. The team played to considerably more than one million fans during the year, which is a much larger number of people than ever saw any one year play ball before in the history of the game.

## McGraw After Maranville

BOSTON, MASS., Oct. 23.—Walter "Sluggo" Maranville, diminutive wonder of the Boston Braves, will play shortstop for the Giants, during the 1920 season if a deal close to the heart of John J. McGraw, manager and part owner of the New York Club can be put through. It is known this deal is big one involving several New York players whose names cannot be mentioned now.

Games Tonight  
Hornets vs. Dicksons

With their anchor man, Mister Maranville, way off his stride, the Slickers lost three in a row to the Wingfoots at the Play House last night, playing the victors at the top of the heap in the Play House. Dick "Pin Legend" The Wingfoots won the three games through the effective work of John Crutcher, who was especially unerring in his precision and desperately effective in his execution. He shot for a total of 280, leading all the players for a mighty wide margin. Marple of the Slickers got a bad start and then came through with 122, but in this game Crutcher shot for a total of 116, getting the game in the refrigerator. Captain Leach was far below his grade last night and just managed to get across the 200 line. His first game was in keeping with expectations, but he was shot in the class of Slickers and Jim Hager. ## AND THE HORRORS TO COME

Dr. Clarence T. Wilson, secretary of the temperance board of the Methodist church, proclaimed to a meeting in Cincinnati, last week, that Demon Rum having been routed the "crusade" undertaken by the organization, which he represents, would be to eliminate the cigarette.

That was certainly most interesting, but Dr. Wilson was not content to rest there. He startled his audience by saying "the cigarette had impaired the health of two million soldiers in our army."

Which, the same, may be classed as news that is news, news that is news, even the good doctor had never heard before. All of us were glad of the way our boys returned, handsomely set up by their military training and we were foolish enough to take their springy step and glowing complexions as proof that they had fared handsomely in a physical way.

It was all a mistake. The noxious cigarette had got in its deadly work and the glory of our youth was but an empty husk, the good doctor tells us.

True enough our own eyes and the government statistics tell a different, but they count as nothing. Facts are not stubborn things when it comes to a crusade, on which we start out to save somebody else's soul.

## WILL AWAIT WITH INTEREST

CHICAGO has inaugurated a Theodore Roosevelt memorial campaign, the outcome of which, owing to the novelty of presentation, will be watched with keen attention.

Wishing to secure \$250,000 for the city and \$200,000 for the national memorial, the committee has inaugurated a campaign, which it chooses to call "The supreme test of the Americanism of the individual Chicago citizen."

This is to be brought about in the condition that there will be no pressure, no solicitation, put upon anyone to give more than he might otherwise, or anything at all. There are to be no taggers, no editors, no artificers whatever. The matter of giving and the amount will be left to the impulse, or determination of the individual. The public is informed of the committee, one for each ward where subscriptions may be left or sent, and that any gift from ten cents up to ten thousand dollars will be welcomed equally and with the same fate of the undertaken is left with the public.

## THE CROOKED PATH

ALONZO J. Whitehead, of Danville, New York, offers a sad case in proof that honesty is the best policy. Early in his manhood Whitehead was sent by his father to manage a lumber plant in Minnesota. Such ability did he display in the position that in a few years he became a millionaire.

That fortune, along with the bright prospects of adding to it by further legitimate energy and effort was not a staying balast to him. He wanted more millions and he wanted them quickly.

He devised one of the most colossal and successful fraudulent schemes by which the money hoists were ever swindled. From there onward his course was ever down, down, down, and he became a hunted man, chased from city to city andeking out a precarious existence by constantly blighting devices and spending each of his time in jails and police stations. So utterly mean and miserable did he become that he even pillaged his own sister's room while she was a guest at a Chicago hotel.

The other day, an old, broken, wrecked man at sixty-one, he appeared to the authorities at Danville to be admitted to the poor house.

The Federal statute, "putting the teeth into prohibition," will go into effect next Saturday. Chicago liquor dealers, being wise in this day and generation, have begun putting their houses in order and have stopped sales.

A riot was staged in New York, one night this week, by service men who sought to stop the presentation of an opera in German, upon which the ban had been put by the mayor, but whose order in the matter was being disobeyed. It does seem that we should have a little while to cool off in our antipathies and those, who would arouse them again, for the sake of a few dollars have none to blame, if they bring trouble upon themselves.

It is always darkest before the dawn and it is also the coldest at the same time. The reason for this is that the moment the sun strikes the earth it causes the evaporation of a chilling moisture.

The Swedish minister to Mexico say the land of the tamale and other hot stuff still loves the United States. May be so, but she is too all fired still about it and like the maid that lets concealment, like a rose in the bud, feed upon her damask cheek, she never tells her great love.

And none of us marked, that Tuesday last, October 21st, marked the fortieth year since the tallow dip faded and went out for ever and aye, that being the day in 1879, when Thomas A. Edison gave to the world the incandescent electric light.

The good housewife is troubled about help, is she? Read this entry on a New York hotel register: "Andres Carrillo, wife, five children and six maids. Havana, Cuba."

Referring to its gubernatorial candidate the Mayville Independent thus deftly expresses itself: "His name is Black, but he is the whitest man in Kentucky."

## SHE MARRIED AN AVERAGE MAN

For two weeks I have made to every I marvel that every woman doesn't in my diary because life was too full, have a "getaway" soon. How two per cent seemed to me as if I have crammed some things to live with everything a year's living into these fourteen days. shared, from reading lamp to candle, so swiftly have events followed on down until, is an inevitable mystery such other's words. The woman who to me.

Writes these words is not the woman who so lately lived gently and uneventfully in a Centerville bungalow. I believe 50 per cent of married couples would be able to make a success of the life partnership, if, to a certain extent they preserved their individual rights, thoughts and possessions.

We are, thank God, comfortably settled in our little apartment. Thanks to my taste for furnishings and feature of my life here—Charles Belmont Hest's commensurate suggestions, the place looks charming and is "pleasant."

Even Jim likes it, although he doesn't know why. Manifestly, he observes few details but he realizes that there are comfortable chairs, a roomy table, not too much order or fussiness, and his favorite pipes where he can always find them.

I took Athena Hest's advice about the "bedroom" and shall bless her for it to my dying day. To the casual eye it appears just a pleasant room, but New York has changed always open, save when I am shut away behind it with the key safely turned in the lock.

This happens on a variety of occasions, i. e., when Jim snores so that I cannot sleep; when Jim and the eternal Botton are talking blue-prints and contracts till past midnight; when I have the nervous habits; and when I have to either scold or pettish.

When I have letters to write, something special to read or private thoughts to think; and lastly, when for any reason Jim and I are not in what Athena calls "a one-room mood."

Part of the victory celebration was a shooting match for boys under sixteen. Although the judge had his doubts about some of the competitors, he held his peace.

The prize finally lay between two marksmen and the excitement became intense.

A small boy of ten or so, who had crowded close up to the barrier, suddenly called out to one of the competitors:

"Good shot, dad! A few more like that and you'll get the prize!"

## DUKE OF AOSTA

The Duke of Aosta, eldest son of King Victor Emmanuel, who has been exiled from Italy because of a leading toward the east, Capt. Gabriele d'Annunzio, leader of the Fiume raid, added the duke of Italy extensively to the war.

In 1917 he was in command of Italy's "Alfred" army, which was opposing the combined forces on the north. He enabled this army to successfully extricate itself and retire in good order to the Tullahoma line.

This feat, which frustrated the plans of the Germans for separating it from the main forces of Italy under the command of General Cadorna.

The Duke of Aosta was born in 1868, the son of Prince Amedeo, and early began an army career.

Missed His "Q"

The amateur dramatic society had spent many anxious nights in practice and rehearsal, and at length the great evening that was to show their powers arrived. One of the amateurs had found it inconvenient to attend, and his place was taken by an understudy.

Arrived at all the glory of Black Ties and mask, he strode onto the stage, and falling his arms, exclaimed: "My lord, my lord! I have belanded the maid!"

"You, here, have you?" returned the local hero, who was taking the part of the cruel king. "Well, then, allow me to tell you that you've spoiled the blessed show. You've done it two acts too soon."

Great Rock Attracts Many.

Don Echo rock is a great headland of rock that rises sheer for almost 200 feet from the beach, shadowed, unfathomable waters of Lake Michigan, and is generally known as the Gibraltar of Canada. It has long been a magnet that has drawn men from far and near. Geologists have studied its peculiar formation, botanists have risked their lives to secure rare flowers that peep from fissures in the smooth faces of rock, lovers of nature have searched often and earnestly for a store of silver which, legend says, the Indians long ago cached somewhere upon its plateau top.

Nineveh's Pathetic Ruins.

Past Mosul the river Tigris rolls its ancient, almost legendary waters and opposite on the left bank, the dream of antiquity continues undisturbed. There is the blazing sun or in the shimmering Persian moonlight, lie the ruins of Nineveh, the last and greatest capital of the Assyrian empire. The wall of the disappeared city still stands to a height of 60 feet and is 12 miles in circumference. Close by the bank of the river are the still imposing remains of two citadels.

## New - York - Day - By - Day

BY O. O. MCINTYRE

NEW YORK, Oct. 23.—(By Wood.) Broom, literary critic extraordinary, has launched a notable discussion that is raging in the parlors and studies where the occupants feel they are most likely to be disturbed. However, a part of the belles-lettres of this country isn't worked out until they get good writers are rapid writers.

Speed has always implied imperfection but it is well to consider that while Wells was turning out "Mr. Drilling Dies It Through," "The Flying Fleet," "Joan and Peter," "The Soul of a Bishop," "God, the Twentieth King," and several others, Harold Bell Wright produced just one book, called "The Creation of Brian Kent."

My associates are mostly writers and artists—some great and some not so great. I have never known a writer to tell or prepare over the turning of a phrase. If the phrase doesn't come he simply knocks off, lights up the old pipe or goes to the theatre or somewhere else and forgets it. Most of them write a break neck speed on the typewriter and being, in most cases newspapermen, they shake a wicked key.

I know two mystery writers of national repute who never plot a story. They simply sit down and write it and they never know until the end of the story how it will come out. However, most writers have some definite idea but it isn't worked out until they get good writers are rapid writers.
